

Inspection & Registration – Together At Last!

KICK UP YOUR HEELS FOR THE NEW TEXAS TWO STEP

STEP ONE

Pass a vehicle inspection and retain the vehicle inspection report issued to you by the station.

STEP TWO

Renew your annual registration by mail, online or in person, and your inspection status will be verified electronically. A passing inspection is required for registration.

TWO STEP TIPS

Single Expiration Date: Transitioning to “Two Steps, One Sticker” requires every vehicle’s inspection and registration dates to expire at the same time. In order to do this, during the first year you will be allowed to register your vehicle as long as your vehicle inspection is valid the day you register. However, if your inspection and registration stickers both expire in the same month your vehicle will need to pass inspection prior to registration renewal.

90 Days to Inspect: Beginning March 1, 2016, you will have a convenient 90 day window to complete the Two Steps. In order to register on time, you must have your vehicle inspected within 90 days before your sticker expires.

Inspection Verification: If your vehicle passed inspection but the system is unable to electronically verify it, simply present your valid, passing vehicle inspection report (VIR), and you will be able to register.

Inspection Fees: The inspection fees have not changed but where you pay them has. You will now pay the inspection station its portion of the fee at the time of inspection and the state’s portion of the fee will now be collected at the time of registration.
